Dry Area Call Point

The Dry Area Call Point is a Flush Wall Mount unit, with optional Pendant socket. Call Activation is by pressing the Call button, or from the optional plug in Call Pendant.

Upon placing a call, the patient receives visual confirmation via a reassurance LED. Call Points are available in a number of standard colors and labels for use as various levels or alarm. The Pendant socket also incorporates a pendant removal alarm, which activates a call when the pendant is removed.

Dimensions :76mm x 116mm
